

WEEK 1 FRIDAY FUN FACTS

Did you know that your brain reaches full size when you are around six years old?

A male hamster is called a boar, a female is called a sow and baby hamsters are called pups

Slugs have 4 noses!

Meteoroids vary in size, they can be as small as a grain of sand or as big as a small car!

Chocolate Easter eggs were not introduced until the early 1900s. Before the exchanging of chocolate eggs, gifts consisted of decorated chicken eggs and stuffed hollow cardboard egg!
